## *Education*

Masters in Fine Art  
University of Cincinnati 2005

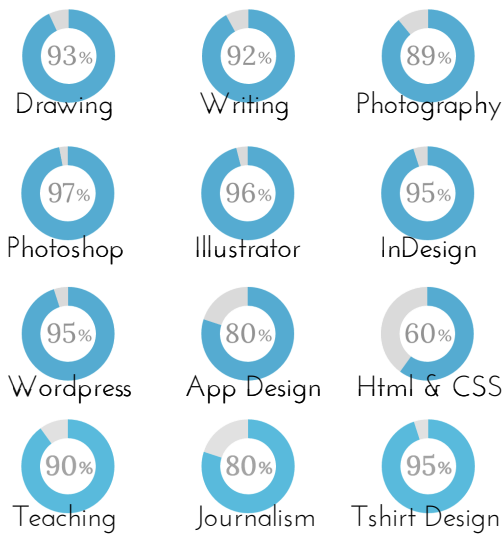

Bachelors in Fine Art  
Southern Oregon University  
2000

I just moved to Bend from New York City with my family. I'm passionate about art and design. I draw and paint, I design websites and draw comics, and I'm a film photographer. I'm also working on a science fiction novel. I have 15 years experience teaching art and design courses in higher education in Oregon and New York City. I love working with students.

I'm all about creative collaboration and teamwork. I always find new perspectives and learn new skills from other team members. I'm supportive, empathic and fun to work with. I'm a creative problem solver, and I always strive for excellence.

## *Skills*

I'm very good at acquiring new skills. I am always interested in learning new software and advancing my abilities. I'm a good listener and I bring out the strengths in those around me.
